### **Letter of Support to be filed in Docket Nos.:**

- HLP-2021-0001 (*Summit Carbon Solutions, LLC*; Petition for Hazardous Liquid Pipeline Permit)

Performance Energy Services would like to express our utmost support for the proposed Summit Carbon Capture Solutions project. This project will provide our families and communities access to low carbon fuels while removing substantial amounts of CO<sub>2</sub> emissions from our atmosphere. Summit Carbon's pipeline is a steppingstone to providing sustainable eco-friendly energy solutions to our communities while reenergizing our local farmers and overall economic growth. Performance Energy Services core values were built on providing energy solutions for our essential day to day needs while maintaining our environmental focuses on climate change. Successfully achieving the goal of reducing greenhouse emissions is a focus moving forward not only as a company, but as a supporter of our future infrastructure and essential needs. The proposed carbon capture project will provide the states involved with revenue to support local schools, infrastructure, and quality of life. Projects of this magnitude will have a large impact on our industry's progression to ensure safe and environmentally friendly energy needs.
